

Case Study Analysis Worksheet Rubric

Course: ITLS 449: Advanced Topics: Emerging Technology

Assignment: Case Study Analysis Worksheet

Total Points: 25

Criteria	Excellent (5 pts)	Proficient (4 pts)	Satisfactory (3 pts)	Needs Improvement (2 pts)	Inadequate (1 pt)	Instructor Rating
SWOT Analysis	Insightful, in-depth SWOT analysis; clearly connects each element to the case with strong justification.	Clearly identifies SWOT elements with appropriate reasoning and connection to case study.	Addresses all SWOT elements, but some explanations lack depth or clarity.	Incomplete or vague SWOT; weak connection to the case.	SWOT missing major elements or unrelated to case context.	
PESTLE Analysis	Comprehensive and well-supported analysis of all six PESTLE factors; demonstrates critical thinking.	Addresses all six factors with logical insights connected to case context.	Covers most PESTLE factors with basic explanation; limited insight.	Some factors missing or poorly explained; superficial understanding.	Most PESTLE elements omitted or poorly executed; lacks clarity.	
Conclusion & Recommendations	Clear, insightful summary with practical, well-justified recommendations based on SWOT and PESTLE.	Good summary and logical recommendations with some justification.	General summary with limited or broad recommendations.	Vague or unsupported recommendations; weak link to analysis.	No clear summary or actionable recommendations.	
Critical Thinking & Originality	Demonstrates high-level analysis and original thought; integrates case details without LLM support.	Analysis shows original thought and engagement with case material.	Some critical thinking evident; responses somewhat generic.	Minimal critical insight or original analysis; relies on surface-level interpretation.	Lacks original thought; generic or formulaic; may raise concerns about originality.	

Formattin g & Guidelines	All formatting guidelines followed precisely; submission is clean, professional, and within page limit.	Minor formatting errors; meets most submission guidelines.	Meets basic formatting rules; some inconsistenci es in length or style.	Multiple formatting issues; strays from length or style requirements.	Ignores formatting guidelines; improper submission format or excessive errors.
